Mammoth Squash

If you want to grow some enormous squashes, send me for exhibition propagating you should try the Mammoth. These are very large and grow to weights as high as 1000 lbs. and at one end. Just send for one and I will send you some of the best and show you whether they are squashes or pumpkins as they seem to be in a very way before. Price, for per package, $1.00.

Banana Squash

This is a new variety. It is probably the finest quality of all squashes, better to grow a great variety, a good keeper, and of most excellent flavor. My stock of Banana Squash generally comes over the floor and I will not be able to send you as many as I did last year. Price, for per package, $3.00.

Mangel Wurzels

Mangel Wurzel Red. A widely grown, large red mangels. Cultivated primarily, sweetly, a very rich, sweet and nutritious and of good shape. A very excellent food in winter for feed stock and mutton. Early gathering and help in improvement and free binder. Price, for per package, $1.00.

Golden Tankard

The golden egg-shaped, rich, golden yellow beet, red inside in starch, hindered up and upstanding keeps them in good condition and are more bitter keeping qualities. I strongly recommend this strain of Victoria Tankard. Price, for per package, $0.50.

The Problem Before the American Farmer Today

Is to make two ears of corn grow where only one grew before. Land advancing makes this a very necessary achievement, and your Seed Corn is a mighty important item. At the recent Corn Show held at Chicago, INDIANA CORN again showed its supremacy. My Seed Corn is all Indiana grown, and is absolutely guaranteed true to type.

Williamson’s Improved Early Learning Corn

The strain of early learning has been kept pure for forty years by house Williamson and Kentucky Seed, and won the prize at the Exposition of Improved Learning in the United States. Learning produces much bigger and higher yields than other popular corns could not stand. It will come in our hands and if you should please to send your order at the earliest possible time, you will be well advised.

Williamson’s White Wonder Corn

This is a white variety, and a white corn with red color. It is, without a doubt, the best of the purer corns. If your corn is the finest in the field, you will please to send your order as early as possible. I can only allow three pounds to a customer. Guaranteed to please.

Kaufmann’s Calico Corn

This is a color variety, the red and white corn that is most popular and is grown in the State of Kentucky. It is a color that is most popular in the South and is a very good color corn. I can only allow three pounds to a customer. Guaranteed to please.
A FEW FACTS ABOUT GOOD RASPBERRIES

(Photographs Don't Lie)

EACH year we hear of a new raspberry being introduced. Some of them have proven to be successful, but by careful observation and actual experience we find that our NEW IMPROVED CUMBERLAND (Black Cap) and SCOTT'S COLOSSAL (Red) to be the most reliable, most prolific and best money makers of them all.

RASPBERRIES are the most delicious and popular of all small fruits, except possibly the strawberry. They are more and more becoming the most profitable of the bush fruits, and should be grown commercially for all markets as well as home uses.

WHEN BUYING RASPBERRY PLANTS you can't afford to take chances. You can't afford to plant anything that you do not know to be right. In no other business must the buyer lean so strongly upon the producer as in this business, for you do not know whether or not your plants will be right until they come into bearing.

I absolutely guarantee that all plants sent out by me to be strictly as represented.

TO WHOM IT MAY CONCERN:

We can say that we have seen products rated by Mr. Williamson and while his line is not extensive, it is of most excellent quality. We know him to be responsible and reliable, striving to supply his customers with high-grade stock, and believe he will sustain every statement made in his pamphlet.

Yours truly,

City National Bank of Goshen
C. E. Grounds, Cashier.

MY GUARANTEE

That all raspberry plants sent out by me have been taken from my best producing stock, and are carefully planted, and properly cared for and cultivated that they will grow. Should any fail to do so, I will replace such plants at half price.

What better can I offer?

E. B. WILLIAMSON

DELIGHTFULLY DELICIOUS SCOTT'S COLOSSAL RICH RED RASPBERRY

SCOTT'S COLOSSAL is a large, handsome, bright red raspberry that stands today a great producer, a sure cropper, and of the finest quality. On account of the phenomenal yield of each plant and the huge proportions to which it grows, no one will need a large quantity for personal or family use.

BEANS

GOLDEN WAX IMPROVED Rust Proof

This is a very prolific crop of high qual-  

ity. The pods are golden-yellow, thin, and  

solid; beans may be eaten either for home  

and market gardens. The upright growth of  

the plant helps the pods well above the  

ground. Price. 10c per pkt.; 3 for 25c.

BURPEE'S STRINGLESS GREEN POD

This variety may be under-rated. It  

combines unusual hardiness, extreme earli-  

ness and wonderful productivity. The pods  

are a green, almost round and gracefully  

formed. Tender, brittle and absolutely string-  

less, even when full grown. Price. 10c per pkt.; 1 for 50c.

BURPEE'S IMPROVED BUSH LIMA

The pods are truly enormous in size; borne  

abnormally and well filled with delicious  

beans. Full green beans measure thirty  

inches in length and twenty-four inches across  

the top. If you are lover of good Lima Beans,  

plant this one. Price. 10c per pkt.; 1 for 50c.

BUSH LIMA

A classifier that should and promises to end  

the season. A strong grower and uniformly  

large podded. The old standard market and  

family sort. Price. 10c per pkt.; 3 for 25c.

SUNNYBROOK POLE LIMA

Burpee's latest. This variety is earlier in  

productive pods ready for picking, than any  

other large seeded pole lima. Each pod  

is closely packed with four and often five large,  

thick, mealy beans. They are light green color  

and of the very highest quality. Very prolific.  

Price. 10c per pkt.; 3 for 25c.

1000 TO 1

A frower in any garden for home or market-  

ish, dark blood red; flesh, bright red; sweet,  

tender; and delicious. Roots are turnip shape.  

(prefer, 10c per pkt.; 1 for 3 for 25c.

BEETS

DETROIT DARK RED

This is the best beet for seasoning, having  

thick, richly colored roots. They are a  

sweet, tender, and delicious. Roots are turnip shape.  

Price, 10c per pkt.; 1 for 25c.

CHBRSBY'S EARLY EGYPTIAN

crows extra quick, producing first, smooth,  

turnip-shaped roots. Deep red color; smooth  

and tender. Sweet flesh that is highly palatable.  

Price. 10c per pkt.; 1 for 3 for 25c.

EARLY BLOOD TURNIP

Has smooth, round roots of medium size, with  

dark red flesh, fine grains, retains its deep  

color when cooked. It is sweeter and finer  

than any other beet. Free from tough fiber  

and a quick grower. Price. 10c per pkt.; 1 for  

3 for 25c.

CABBAGE

EARLY JERSEY WAKEFIELD

The best first-calling cabbage. The heads  

are uniformly hard and solid. They are  

pyramidal in form, generally pointed at the  

top, with but few outside leaves. Price. 10c  

er pkt.; 3 for 25c.

EARLY WINNINGSTADT

The heads are of the same size as the Jersey  

Wakefield, but more sharply pointed and not  

so quite early. By reason of its great solid-  

ity, it is a popular variety; also to plant in  

the summer for winter use or planting for bird.  

Price. 10c per pkt.; 1 for 3 for 25c.

BROOK CORN

IMPROVED EVERGREEN

The past season I have raised some most  

wonderful Brook Corn; not enough to sell  

in large quantities, but enough so you can get  

your own seed for another year's planting as  

well as enough bushels for making brooms for  

the average household. This is the best pop-  

ular Brook Corn to grow. Price. 10c per pkt.;  

1 for 3 for 25c.

WOODWELL'S EVERGREEN

The great main crop variety of Sweet Corn.  

The stalks are strong and vigorous and grow  

7 to 8 feet high. Ears about 8 inches long with  

10 or more rows of kernels. Longy grains.  

The deep set, while habits of growth are bushy  

and very fine, which accounts for the great  

popularity this standard Sugar Corn has att-  

ained. Price. 10c per pkt.; 1 for 3 for 25c.
MELONSHUNS
HEART OF GOLD
You have the original strain. The largest, richest, finest-tasting melon. Fruit round in shape, thick rind, tender and. sweeter, and more prolific with a delicious melon flavor. Only a limited quantity of this seed will be available. Price, 10c, per pkt.; 3 for 25c.

IMPROVED LONDON
My stevia in earlier years the fruits are very long, slender and uniformly dark green color. Suitable for slicing and very large and useful for pickles. Flesh is crisp, solid and of most excellent quality. Price, 10c, per pkt.; 3 for 25c.

IMPROVED EARLY WHITE SPINE
These Cucumbers are very regular in outline and uniform in size. Fruit 6 inches in length, straight, and of a rich dark green color. Flesh white, crisp and solid, with comparatively few seeds. Price, 10c, per pkt.; 3 for 25c.

PERFECTED DAVIS PERFECT
This variety is the most productive of all the varieties known, fruits 12 to 13 inches long, slightly tapering on the ends, uniformly dark green skin. Flesh solid, thick, sweet and of fine quality. Price, 10c, per pkt.; 3 for 25c.

ROURS ORANGE FANCY
Here is a great mixture of care, stamina and curiosity. Our Cucumbers would never be more of a delight to the eye of a gardener, the fruit is all that could be everything to be found in the garden and just what you want to plant for a curiosity. Price, 10c, per pkt.; 3 for 25c.

LETTUCE
CRISP AS ICE
Make compact, solid beds of medium size, and leaves tender and brittle as to have suggested the name. A real favorite open long and creen heartily. Leaves green, thick, glossy, smooth and fine, perfect for early use. Price, 10c, per pkt.; 3 for 25c.

IMPROVED MANSON
The most solid and leafy of all the lettuce. The outside leaves are green and handsome and so compact that the inside leaves are blanched almost to the heart. Price, 10c, per pkt.; 3 for 25c.

NEW YORK OR WONDERFUL
One of the very best of the crisp and curly varieties. Juice very tender and sweet, producing closely foliohed heads of immense size, hard and well blanched. Quality is excellent and can be raised as a ready and marketable lettuce in flavor. Price, 10c, per pkt.; 3 for 25c.

MANGEZ WURZELS
MAMMOTH PRICE RED LONG
Largest and bestrooted crop of long, red earthenware, and will give a good pack. Most excellent for poultry and stock feed. Price, 10c, per pkt.; 3 for 25c.

GOLDEN TANKARD
It combines all the best of the long pointed and fine variety, which is the celebrated Yankee Pumpkin. Fruit is round and small and a rich golden yellow in color. On account of its shape, enormous crops are grown, and it is a favorite from the ground. Price, 10c, per pkt.; 3 for 25c.

PUMPKIN
SWEET OR SUGAR
This is the finest of the class of the celebrated Yankee Pumkin. In flavor. Rather small but handsome variety. Skin is deep orange in color and gives the desired flavor, and quickly and cannot be equalled as a table pumpkin. Price, 10c, per pkt.; 3 for 25c.

GOLDEN OR YELLOW GUSHAW
A popular crockery market variety, with hard skin, large and of very long shape. Fruit two feet two inches in length, with long, solid, moist seeds. flesh thick and very rich in flavor. Price, 10c, per pkt.; 3 for 25c.

CONNECTICUT FIELD
The hardiest of all pumpkins cultivated mainly for stock feeding. Price-winning variety, and it will give a feed and plan. Price, 10c, per pkt.; 3 for 25c.

PEPPERS
CHINESE GIANT
The largest, mild Red Pepper. Grows to an enormous size. Excellent for stock feeding. The flesh is unusually thick, mild, and makes a very fine article when sliced and served cold. My seeds are grown to artistically tall pepper shapes, a definite advantage in sales. Price for prime winning stock. Price, 10c, per pkt.; 3 for 25c.

LONG RED CAYENNE
This true Cayenne Hot and piquant. This is a very fine, very large and hot pepper. Price, 10c, per pkt.; 3 for 25c.

BUFFEE'S SUNBRIGHT
This is a very novelty and the first to introduce it outside the originator. This is a very bad and prolonged 214 pounds. At the best fair and excellent, and a walking with me when it comes to big tomatoes. Price, 10c, per pkt.; 3 for 25c.

BASIL
EARLY LANG SHORT CAPLEET
Many consider this the best long beet for the home garden. The root grows five to six inches. The flesh is white and crisp, brittle in texture and ready to use in four to five weeks after the door is open in early spring. Price, 10c, per pkt.; 3 for 25c.

WHITE ICICLE
The finest and most popular of the early pure winter varieties. This beet is crisp and tender not only when young, but retains its quality until the roots attain large size. Many of the newest beet is the radicchio variety which have ever grown. Price, 10c, per pkt.; 3 for 25c.

EARLY SCARLET TURNIP
This is the best table and all winter variety, and turns are sweet. It is perfectly shaped, bright scarlet color with white top. It combines beautiful color with fruit that is of medium size and flavor. Price, 10c, per pkt.; 3 for 25c.

SQUASH
TRUE HUBBARD
This is the well-known winter squash, now grown for its great size. The inside meat is of a rich red color and is a great favorite with all the classes, and the fruit is of a fine and the finest flavor. Price, 10c, per pkt.; 3 for 25c.

WARTED HUBBARD
The most productive hard-sell winter squash in existence. The flesh is of a bright orange-yellow, fine grained, thick, dry and rich flavor. The very improved strain has reached the height of perfection. Price, 10c, per pkt.; 3 for 25c.

BANANA
This is a new variety. It is probably the finest of all Squash. Long in size, a big yellow, a good keeper, and of most excellent flavor. The stock I offer is true type and is a great favorite with all classes throughout the country. Price, 10c, per pkt.; 3 for 25c.

DELICATA
To reach canned squash, try this Squash. Red, orange-yellow, splashed and striped with dark green. The flesh is rich, dry and perfectly pure. I have not heard of inferior ones of this kind, and it is a most excellent winter looper. It is sometimes called Sweet Potato Squash and can be served in any manner. Price, 10c, per pkt.; 3 for 25c.

GIANT SUMMER CROOKNECK
Longest and best crookneck squash known. Fruits have variegated color, deep yellow flesh. Thriller of a crookneck squash. Price, 10c, per pkt.; 3 for 25c.

MAMMOTH CHILI
If you want to grow something big, how are you? One hundred of these will grow more than two acres in a single season. It is the best chile pepper, with a sweet and spicy flavor, and is excellent for pickling and as a stuffing for various other dishes. Price, 10c, per pkt.; 3 for 25c.

TOBATOES
EARLY WAFER
Here is the perfectly red and beautiful tomato. The best of age. It is quite, and will bear longer, larger, than others of the same kind. Price is the best and least expensive. Price, 10c, per pkt.; 3 for 25c.

TRUE GRAFT PONDEROSA
Of the largest fruited varieties. This is a gem of a tomato. The fruit is one of the finest of the season. It is a large and well shaped, and a very fine tomato for early use. Price, 10c, per pkt.; 3 for 25c.

Nitro-Bacter Soil Vaccine
The secret of growing more vegetables.
The solution of your farm and garden problems.
The new way to grow bigger crops.

These seven days when the man with a farm or garden is satisfied with only genuine results. What he wants is not high sounding advice. He wants to grow a bigger, better and earlier crop...and to do it with less work... and the expert who has the most appleseed is the one who gets down to bramble tasks and shows you how to produce more vegetables, or hay, or corn, or other grain, from the same spot of ground without breaking your back doing it.

TESTIMONIAL

Dear Sirs—On the 26th day of May I purchased some seed, garden mixture of your “Seed Harbor,” and am tending my entire garden with it. The cucumbers, pole beans, peas, turnips, spinach and sweet corn are far ahead of the neighbors’ gardens.

I am today ordering another order, and highly recommend our product to anyone who wants larger productions from their farm or garden. Yours for summarizing, ERNST KLAAS.

SUNNYBROOK Pole Lima Bean

If you appreciate the sweet and tasty flavor of really choice Lima Beans you should give Burpee’s Sunnybrook Pole Lima a trial. The main features of this fine pole lima bean are its extreme stringless and tremendous prolificness. Just think of five to ten pods of large size on each spike, filled with four or five large, thick, meaty, light green beans of the sweet quality.

BURPEE’S SUNNYBROOK PEPPER

This is a most wonderful novelty. The photograph illustrates well characteristic habit of the cluster. A remarkable feature in its sweetness. Nature very early, bears fruit continuously until frost, and is truly the sweetest and most tasty of all peppers. The skin is smooth and glossy, and of a rich, deep scarlet color.

NEW IMPROVED CUMBERLAND RASPBERRY

APPROACHED BY NO OTHER IN EITHER QUALITY OR COMMERCIAL VALUE

OF THIS berry I cannot say too much in praise. It is the greatest commercial berry of them all. For canning it has no equal. It will develop a larger crop of fruit than any known variety and the plants will yield continually for years.

Plant This Year—Yields Next

My stock is wonderfully productive, producing regularly and uniformly very large crops. The berry is unusually firm and is well adapted for long shipments.

Greatest Value Ever Offered for the Money

BLACKBERRIES

ELDORADO

A STRONG growing, hardy variety; very productive, fruit very large, jet black in large clusters and of highest quality. Its keeping quality is unsurpassed and commands the highest market price. (Price same as raspberries.)

STRAWBERRIES

I HAVE come to the conclusion that for the average farmer and back-yard grower there is one variety that will fill the bill, one that is so much superior to all others, one that is self pollinating and therefore a perfect berry, one that is hardly withstanding the severe winters, a good grower and plant maker, very vigorous, a prolific bearer of delicious fruit, one that is adapted to every locality, in fact, one that has so many good points in its favor and so much superior to other sorts that I have concluded to handle this one kind.

SENATOR DUNLAP

This berry has established greater popularity than any other sort offered. Grows immense quantities of large, handsome berries that are a rich, dark red with glossy finish abiding to deep scarlet on the under side. Noted for uniformity in size and shape. The rich, bright red of its meat and delicate flavor makes it really ideal. So sure and plant a SENATOR DUNLAP garden this spring (March, April or May). Don't let this season slip by without doing so, but order AT ONCE while you have it in mind and before they are all sold.

This berry has established greater popularity than any other sort offered. Grows immense quantities of large, handsome berries that are a rich, dark red with glossy finish shading to deep scarlet on the under side. Noted for uniformity in size and shape. The rich, bright red of its meat and delicate flavor makes it really ideal. Be sure and plant a SENATOR DUNLAP garden this spring (March, April or May). Don't let this season slip by without doing so, but order AT ONCE while you have it in mind and before they are all sold.
